## **JUNE EXHIBITIONS IN GALLERY**

### **Gallery One**

#### **The Alpaca Collective Exhibition 2021 Farm to Fashion Isolation Creations**

After the initial disappointment of having our June 2020 exhibition in The Kingaroy Art Gallery cancelled, due to Covid, I discovered that the lockdown and isolation was an adventure in creative discovery. The slower pace enabled me to take the time to try new textures and techniques. I believe that our 2021 collection will be our best yet. Each of us has created some wonderful pieces, and we can't wait to unveil our new exhibition.

**(Julia & Kirsten Jeffery, Sam Bowler & Myrie Cobby)**

### **Gallery Two**

#### **Red Earth Ruggers & Crafters What's Old is New Again**

We will be displaying various forms of Rug making, Knitting and Crochet. We will have a display of Handiwork from past generations.

We will be demonstrating our skills, and have a work in progress for people to add to, as part of an ongoing project. We will also be making things for , and accepting donations for the Knitting for Brisbane's Needy again this year.

**(Judy Brooks, Lynn England, Val Lowes & Robin Kerston)**

### **Gallery Three**

#### **Frozen Garden**

Ceramics and sculptural forms large and small form the basis of "Frozen Garden." While clay is the dominant medium, wire, stone and textile will all feature in the exhibition. Inspired by my own garden, these forms would highlight various areas of any garden. The exhibition will feature a range of locally made, one off sculptural forms not seen before, that will appeal to many people and attract the discerning buyer who is looking for something away from the ordinary.
